## Port of Memphis.

Arrivals and Departures.

NEW YORK, Friday, August 18, 1858.

Chesapeake, New Orleans, Louisville,

Imperial, New Orleans, Mobile, Louis.

Dickey, St. Louis to Memphis.

City of Memphis, St. Louis to New Orleans.

Alice, Belvoir, St. Louis.

River News.

The river yesterday continued falling, and

there was another bright day's business done at the landing.

The Mississippi Economy will arrive at

Memphis on Saturday morning, immediately

after the discharge of her cargo, in Cincinnati

and intermediate landings. Passengers

and freight agents will find the Economy a

convenient boat.

The John H. Duncan, Dan Able, master

will have the waterfronts of this evening

for the recorder yesterday for permitting his

name to remain in a bad condition. Take notice,

"many citizens" or "Recruit East" will

order you to go and pay like this.

FIRE.—T. W. PRESTON was fired six

times by the recorder yesterday, to whom no

case was introduced by office. WOMAN

SALE, for which he sold his negro to

one of the gullible in the public street.

As each—by a mistake of one printer,

from the similarity of names, Alderman ROBERTSON,

and Mr. BARKERSON, President of the

LITTLE ROCK RAILROAD, were confounded in our

Council report yesterday.

Those who wish to obtain the latest

news reliable, call at the Atlantic

telegraph office, and get a copy of

Hoppe's Weekly of CLOUTIER & VANN.

They have the New York Ledger of the latest

date.

PERSONAL.—We were yesterday pleased with

a visit from our esteemed friend L. N.

BROWN, U. S. Navy, who is just returning from

the mountains to his plantation on the Mississ-

ippi. We also had a visit from our talented

and handsome friend STEPHENSON, of the O-

xford Mercury.

FART.—MATTHEW JACOB was here yester-

day, and was charged by officer

WILLIAMSON, his day so rapidly

that he could not be allowed to stay.

He was sent to the U. S. Envoy, the last arrival

from the Upper South, and was

returning again at 1 P. M., and down to Rock-

Island. They also reported heavy rains through

the upper country.

HOLES.—The New York Ledger has received

news from its correspondent.

GRAND ATLANTIC TELEGRAPH.

NEW YORK, Friday, Aug. 18.—For the first

arrival of the Atlantic cable, in this city, to

September 1st, London will be notified by telegraph to

use with New York in celebrating the event.

TRADE FOR THE PACIFIC.

WASHINGTON, August 20.—Two thousand U. S. dollars were paid to the Pacific Mail Steamship Company by the Pacific Mail Steamship Company at Walla Walla during the past month. This, together with Walla Walla's share of the mail, now, it is thought, will be remitted. The representations of the Pacific Mail Company will cause no change in the operations in Idaho.

BOYNTON'S GROCERY PLATES.

NEW YORK, Friday, Aug. 18.—A. Boynton, from Philadelphia, Cal., was here yesterday from Perry, Ohio.

WHEELS.—The New York Ledger has received
